Education

2021 - 2025
B.Tech Information Technology
Manipal University Jaipur (ongoing)

2021
12th grade at NAFL
Percentage - 91%

Expertise

- UI/UX
- Python
- Network Security Fundamentals
- C++
- Java

Extracurricular

- Represented MUJ in multiple state level Basketball tournaments
- Represented MUJ in All India University tournament
- Active role in training the junior batches to earn thier spot on the team

Experience

June 2023

"Security Engineering – Threat Management" with Tata Communications Limited

During my one-month internship with Tata Communications Limited in Security Engineering – Threat Management, I delved into advanced topics such as penetration testing, vulnerability scanning, and comprehensive threat assessment techniques. This experience refined my skills in cybersecurity practices and deepened my understanding of threat mitigation strategies.

Certifications

Programming for Everybody (Getting Started with Python)	Apr 2023
Palo Alto Networks Network Security Fundamentals	Mar 2023
Cybersecurity and Its Ten Domains	Nov 2022
Design and Make Infographics (Project-Centered Course)	Apr 2023
Cisco: Introduction to cybersecurity	July 2023

Projects
